

PSA Road Weight Limit for Trucks

No truck or trailer shall be operated over PSA roads on the Pointe Property which has a gross empty weight in excess of 25,000 pounds or a loaded weight of more than 35,000 except when express permission is given by PSA through its Security office and the operator agrees in advance in writing to repair any damage to PSA roads caused by said truck or trailer in a written and binding agreement with proof of financial ability to satisfy such commitment.

This rule to take effect September 1, 2011

Pointe Service Association Inc.

Adopted by its Board of Directors on July 16, 2011
